

Farm Veterinary Surgeon

Fram Farm Vets

Job Description

An opportunity has arisen for a dedicated Farm Veterinary Surgeon to join an innovative and independent practice in Suffolk and surrounding area.

Partnership with Farmvet Ltd and Fram Farmers, a farmer owned co-operative who provide independent advice and market leading expertise, aiding farmer members with purchasing, trading and administrative decisions for their business.

Day-to-day duties include both routine and emergency farm calls across all livestock species and some game birds. The client base will vary from larger livestock enterprises through to smallholders. Being a low risk TB area, whilst some expectation to TB test, this will not form a significant part of the job. The out of hours rota is 1 in 4 for weekends.

High level communication skills will be a key requisite for the successful candidate, allied to a high degree of self-motivation and worth. This combination will be the catalyst to a strong, long-term working relationship with our farming clients. A strong focus on animal health and welfare are key attributes to both your success and that of our clients.

Ideally, you will be confident and competent in all veterinary procedures, however new graduates would be considered with support available. Vehicle and all equipment necessary to carry out your work to the highest standards will be provided.

We will provide a fully funded CPD, certificates would be supported, highly competitive salary (DOE) plus other benefits that come with being part of the business.

If you are interested in this opportunity to be at the forefront of this exciting venture and want to shape the practice 'your way' then please contact us.
