

KWS ZYATT

Winter Wheat

KWS Quartz x Hereford

SEEDING
THE FUTURE
SINCE 1856

The no-brainer for Group 1 growers!

DYNAMIC
WHEATS

- Still the UK's highest yielding Group 1 breadmaking wheat
- Excellent disease resistance, including best *Septoria* of Group 1's and Pch1
- Superb second wheat performance

KWS Zyatt is a very exciting Group 1 winter wheat; combining the highest Group 1 yield with high protein levels and good agronomics. It has the highest Group 1 untreated and treated yields on the Recommended List. Its excellent disease profile is further highlighted with Pch1 eyespot resistance.

In addition to these excellent features, KWS Zyatt has 4% higher yields as a second wheat than Crusoe and a positive **ukp** status. KWS Zyatt is also very suitable for export, allowing you to reach an even wider range of markets.

	KWS Zyatt	Skyfall	Crusoe
Yield (% treated controls)
